

October 2022 – FACEP RESOURCES

We want to provide you, our chapter leaders, with the **best resources** to help your membership marketing efforts. This month, we are focused on helping you to promote the Fellow designation and recognize new FACEPs within your Chapter.

The ACEP Fellow credential (FACEP) represents a commitment to the highest standards in emergency medicine. By recognizing your FACEPs, you are acknowledging their dedication and excellence to the field. In addition, the promotion of the FACEP program inspires other members to strive for this prestigious credential for their careers and to remain ACEP and Chapter members for life.

Here are the resources available in this month's kit:
