- MAT in the ED. How to Manage Addiction and Provide Advanced Management Opioid Overdoses. It Not Just About Breathing.
- Are You Ready for Retirement, or At Least Thinking About it?

COUNCIL OFFICERS

KELLY GRAY-EUROM, MD, MMM, FACEP, COUNCIL SPEAKER

- Understanding & Implementing Quality Metrics for Patient Care
- Quality PSDA cycles
- EM Coding, Billing and Reimbursement
- Transitioning from Residency into a Successful EM Practice
- Incorporating ED throughput into Hospital Awareness
- Can prepare quality lectures (metrics, implementation, public reports) customized to the request

MELISSA COSTELLO, MD, MS, FACEP, FAEMS, COUNCIL VICE SPEAKER

EMS:

- Thou shalt not backboard and 9 other commandments of modern EMS
- EMS and airway management
- Prehospital sepsis management

Chapter Services Leader Visits

2021 – 2022 Leader Topics List

- Prehospital stroke management
- EMS safety
- Technology dependent patients in EMS
- Agitated Delirium and the interface of EMs and Law Enforcement
- Handoffs in EMS
- Post-disaster medicine

Admin/Leadership:

- The 1st 100 days as a medical director-laying the foundation.
- EMTALA- How to win (or how not to lose)
- Consultant 101- words matter
- Leading the Resuscitation- slow is smooth and smooth is fast.

EMR/Billing:

- Epic workflow optimization for Emergency Medicine -work smarter, not harder
- Understanding RVUs and other things I didn't learn in residency.

Wellness:

- Physician mental health and suicide prevention
- Extending the practice of EM: accommodations and physician reentry after illness or injury
- Physician workplace bill of rights

Scope of practice:

- Evolution of the scope of practice in EM and why we need a NPP "Flexner report".

Basic clinical lectures (can do 30 min on most topics):

- Procedural sedation
- Airway management
- Care upstairs -getting called outside the ED
- Acute decompensated heart failure
- Home medical devices and the technology dependent patient
- The dangers of cognitive errors in medicine and how to avoid them.
- Prepping your patient for flight and the basic transfer process
- Management of the difficult airway
- Scary black box- the elderly abdominal pain
- Tumor lysis, hyperviscosity and other reasons to wake up an oncologist after dark.
- "Doctors of the head holes"- pearls for ENT, dental emergencies
- MacGyver medicine- AKA - it's looks weird, but it works.
- Sit on your hands: when you should do nothing- and other impossible things.
- Who let the dogmas out? Mythbusting in the ED.

BOARD MEMBERS

L. ANTHONY CIRILLO, MD, FACEP

- EM Advocacy: Finding Your Professional Passion and Personal Fulfillment
- Surprise Medical Billing: The REAL Surprise for Emergency Physicians
- Bad Payer Behaviors: The Playbook of High Deductible Health Plans, Out-of-Network/Balance Billing, Prudent Layperson Challenges, Denials of Coverage, and on and on...
