

Locum Tenens Section Operational Guidelines

The Locum Tenens Section is chartered by the Board of Directors (“the Board”) of the American College of Emergency Physicians (College) to provide a forum in which members of the College with special interests in the role of locum tenens can develop a knowledge base, share information, receive and give counsel, and serve as a resource to others interested in this area of emergency medicine.

Because sections are considered a subcategory of College membership, sections will not have separate bylaws or formal incorporation documents, and their existence and operations shall be subject to the terms and conditions stated in the Policy on Sections of Membership, as adopted and/or amended by the Board.

These operational guidelines have been drawn up to facilitate operation of the section. They shall conform to the Bylaws of the College, and the activities of the section to the decisions of the Board. Projects in the areas of education, internal governance, legislation, or public relations shall be undertaken only with the advice and consent of the Board. The activities of the section shall be intimately coordinated with those of the College.
